

Carmarthen Harriers Medalists in the Welsh Schools and Welsh Combined Events Championships

Carmarthen and District Harriers Athletics Club athletes have competed regularly for Dyfed Schools in the outdoor Welsh schools and Welsh combined championships. They also competed in the indoor pentathlon championships in NIAC indoor stadium in Cardiff. This last event is usually the selection event for the SIAB Schools indoor pentathlon international which is held in December every year

The outdoor championships were always an extremely popular event and well supported by School Districts. Many times, there were between 150 and 180 school athletes competing in the Welsh schools outdoor pentathlon championships

Sadly, the Welsh Schools and Welsh outdoor combined events championships were deleted from the Welsh Athletics summer programme in 2018 which was a big disappointment to the Welsh Schools Districts and their athletes who took part in the event

From the results available since 2003 Carmarthen Harriers athletes have won a total of 84 medals in the championships. 32 were gold, 27 silver and 25 bronze

Hedydd Davies

Venue	Age Group	Name	Medal	Performance
